

Come discover the wealth of this biodiverse habitat: what it offers us, how we can help it thrive.

Hands-On Grasslands Reclamation Workshops

Taught by Leslie Lowe and Peter Davidson

While grasslands represent *less than 1%* of British Columbia's land base, they are home to *more than 30%* of BC's species at risk.

WORKSHOP 1: TOOLS FOR CHANGE

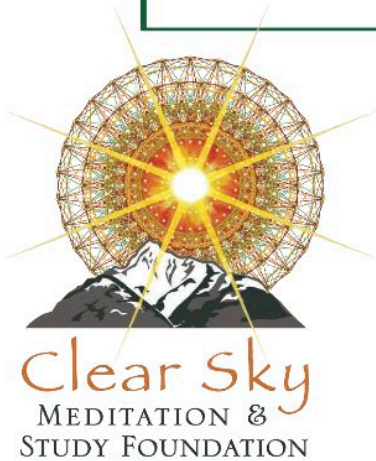

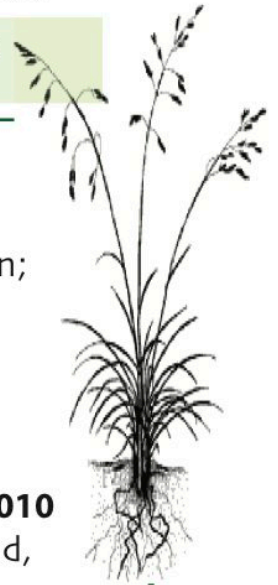

Saturday, June 12th and Sunday, June 13th 2010

Understand grasslands reclamation & native plant design; gain tools to evaluate your own property.

WORKSHOP 2: GETTING DIRTY FOR ECOLOGICAL HEALTH

Saturday, September 11th and Sunday, September 12th 2010

Plan and implement reclamation action on your own land, and fit it holistically into the 'Big Picture'.
